Connecting realities, building perspectives

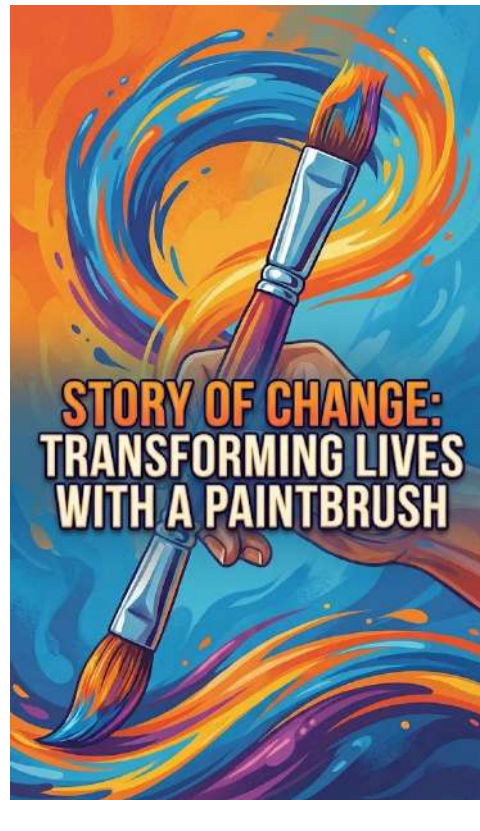

January 2026

1 December 2025 - Monthly Policy Review

2 Story of Change: Transforming Lives With A Paintbrush

Kalki Subramaniam works for the social, economic and political empowerment of India's most neglected community. Watch the video to learn about her inspirational journey and how she is 'Driving India Into The Future'.

3 How to Stay Relevant in the AI Era (The Skill Most Designers Are Ignoring)

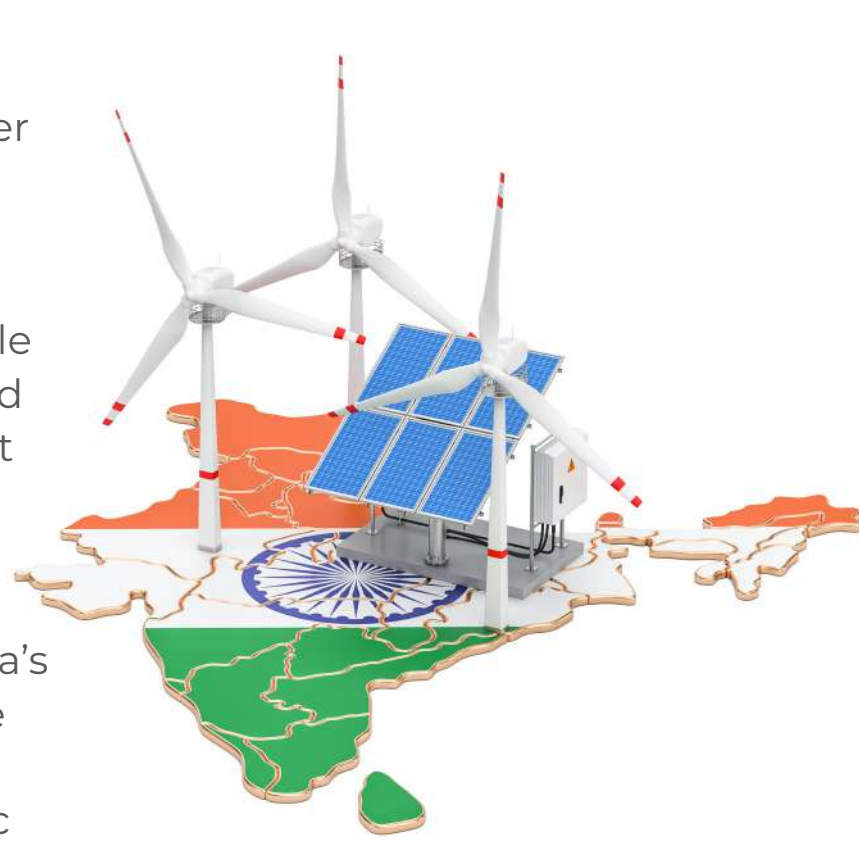

4 300 exhibitors from 30 nations are likely to feature in the India-AI expo

India will host the India-AI Impact Summit and Expo 2026 at Bharat Mandapam, New Delhi, bringing together 300+ exhibitors from nearly 30 countries to showcase cutting-edge AI solutions across key sectors. Anchored on People, Planet and Progress, the event positions India as a major Global South hub for responsible, inclusive and impact-driven AI collaboration.

5 India's Clean Energy Vision and Investment Opportunities Receive Strong Global Endorsement at WEF

At the World Economic Forum, the Union Minister showcased India's long-term investment story, underpinned by policy stability, predictable regulations and sustained stakeholder engagement at both the Central and State levels. The interactions reaffirmed global confidence in India's ability to scale renewable energy rapidly while ensuring socio-economic growth and inclusivity.

6 INSV Kaundinya: Navy revives maritime heritage with stitched ship inspired by Ajanta mural

Ancient maritime legacy takes sail as Indian Navy commissions stitched sail ship based on 5th-century CE depiction from Ajanta Caves.
